

3. ENGINEERING EXCELLENCE AWARD

JUDGING PERIOD – 1 APRIL 2017 - 31 MARCH 2018

ENTRIES CLOSE 18 MAY 2018

Description of Category:

This category was established in recognition of the achievements of Max Wilson, former Group General Manager Engineering ARN. His dedication and commitment to innovation and excellence in engineering activities and his achievements in cost savings for stations and networks, continue to provide benefits to the industry today. The category is judged by a specialist team of engineers and executives.

The judges will be looking for a single achievement or specific engineering project which is based on an innovative idea, demonstrates exceptional engineering skill, has broad application to the industry and/or which will achieve cost efficiencies. Supporting documentation including photographs, is encouraged.

The attached special entry form outlines the areas for consideration by the judges and must be completed.
